How to read this data: Each ballot listed the six candidates in the debate and included a "None of the above" option. Delegates and observers were asked to rank the candidates in order, with one being their first choice and 6 (or 7) being their last choice. Columns B, D, F, H, J, L, and N show the total number of votes cast for first through seventh place. The green column Q indicates the final order in which the candidates finished based on the overall weight of their total vote.

5th %	6th Votes	6th %	7th Votes	7th %	Ranked Sum	Place
